TYPES OF PERSONAL DATA PROCESSED

A. Surfing data

Systems and software procedures responsible for the functioning of this website acquire, during their normal operation, several personal data which transmission is implicit in the use of Internet communication protocols.

Those information is not collected to be associated with the purpose to identify data subjects, but them might allow users to be identified through further processing and association with other data held by data controller or third parties.

This category of data includes:

- IP addresses or domain names of computers utilized by users connecting to the site;
- the URI (Uniform Resource Identifier) addresses of the requested resources;
- the time of request;
- the method used in submitting the request to the server;
- the size of file obtained in response;
- the numeric code indicating the status of response given by the server (good result, error, etc.);
- other parameters relating to the operating system and the user's IT environment.

This data are processed only to obtain anonymous statistical information on the use of the site and to check its proper functioning, and are deleted after processing. The data could be used to ascertain responsibility in case of hypothetical cybercrimes that might damage the website or other users during the browsing session.

The website could also automatically process data through setting cookies in user's browser. Cookies are small strings of text set during the browsing in the website and, according to their purposes and the values set up, they allow the site and/or third parties to collect information related to the user, usually anonymously. The use of this electronic tool is analytically described through the Cookie Policy of the website.

B. Processing for statistical and analytical purposes

The Data Controller may process information about Users' use of the website. This information, processed where possible in anonymized and/or aggregated format, will be necessary to detect statistics on the interaction of Users with the website in order to evaluate interventions to improve, enhance or revise the functionality to optimize, make the user experience more pleasant and meaningful, as well as to evaluate

more overall the impact of the tool.

The results of the processing will not constitute personal data, as they will be expressed in aggregate terms and for the Holder's internal use only. The data, including personal data, on which such processing will be based is intended for internal use only and accessible only to the site operators charged with extrapolating the reports.

C. **Contact form**

Through contact forms available on the website, you can submit specific requests to the data controller.

It's required to submit personal identification data and contact details as well as other information to allow data controller to manage the request.

The collected data will be used to respond to the submitted requests and will be subject to further processing only in the event that a relationship is established between the user and the Owner, as well as if the data subject expresses his consent, for the purpose of carrying out activities referred to Purpose D.

D. **Newsletter and data processing to pursue marketing purposes**

Data controller may carry out promotional activities about his business to users and customers by sending e-mails or other communications containing commercial and marketing information. This processing will be performed in compliance with regulations on data protection and within the ethical limits, without causing damage to the rights and freedoms of the data subjects. To pursue the purpose of providing newsletter service or other direct and indirect marketing activities, the data processing is subject to your prior consent, provided checking the related tick during data submission.

Promotional communications may also be delivered to data subjects using *Soft Spam* modalities, without the specific consent of recipients. These communications will mandatory have the following features:

- the activity consists in sending e-mails to recipients which already have entertained commercial relationship with data controller and the e-mail addresses have been communicated to manage or within the business relations.
- the contents will concern products or services related to those whom the recipient has already purchased.

However, data subject has the faculty to exercise his rights, opposing or limiting the processing activities. Those rights may be exercised when personal data are collected or whenever a message with marketing purposes will be delivered from data controller.

TRASMISSION OF PERSONAL TO THIRD PARTIES

Your personal data may be transmitted only to the following third parts:

- Companies which provide IT systems and website management, development and online services embedded in the website (as e-commerce and secure payment infrastructure, web development consultants, etc.);
- Companies and professional offices which provide business assistance and consultancy (IT technologies, accounting, etc.);
- Companies which provide technical or consultancy services concerning market research, marketing and business promotion;
- Public institutions, for the fulfillment of legal obligations related to commercial relationship, to investigate on crime or cyber-attacks delivered or suspected to our systems or to other visitors, or to manage disputes.

Further information related to the third parties who may process your personal data are available by submitting a specific request to the data controller.

DATA TRANSFER OUTSIDE THE EUROPEAN UNION

Browsing the website may involve the disclosure of your personal browsing data to parties outside the European Union, as the website uses Google systems to provide access to certain features (Google Maps, Google Analytics 4, Google Recaptcha and Google Tag Manager).

Although Google's services are provided in the European Union by Google Ireland Limited with its registered office at Gordon House, Barrow Street, Dublin 4, Ireland, for service reasons some data may be processed, communicated or stored on Google systems located outside the European Union.

The transfer is lawful because Google adheres to the "EU-US Data Privacy Framework," a European Commission adequacy decision and mechanism that ensures adequate protection of personal data similar to that in place within the EU.

For more information on Google's privacy policies, we suggest navigating to the following link:

<https://policies.google.com/privacy/frameworks?hl=it>

PROVISION OF DATA AND CONSEQUENCES OF REFUSAL TO REPLY

The communication of your personal data is mandatory when the process is necessary to browse in the website, to carry out commercial and information requests received through contact forms or personal area, to provide the services and to perform a contract with customers. The denial to submit those data will affect our capability to carry out your requests.

In the other cases, such as for marketing purposes, the transmission of data is optional and, when needed, subject to your explicit consent.

RIGHTS OF DATA SUBJECTS

We inform you about the existence of your rights **to access** to your personal data, **to rectify** and/or **cancel** the same, **restrict the process performed on your data**, **object** to processing activities and to request **data portability** (Articles 15 to 22 of the EU Regulations 2016/679 GDPR);

Any information request or complaint to the Data Controller can be presented by contacting the e-mail address: **info@eurotargetgroup.com**

If the data processing has its foundation on your explicit consent (art. 6, § 1, lect. a), you have the right to revoke this consent whenever you want, without to prejudice the lawfulness of previous processing activities.

In order to facilitate the detection of your requests about your rights, we suggest specifying in the e-mail subject the following statement: "Request to exercise a data subject right".

Within the communication it's important to clarify your identity, the type of your relationship with the Data Controller, the right you're asking to exercise and all the further information useful to identify the data or the processing involved in your requests. You can also use the form provided by the Italian Supervisory Authority available at the following link: <https://www.garanteprivacy.it/home/modulistica-e-servizi-online>

You are entitled to file your complaints with the Italian control authority at the Supervisory Authority address for the protection of personal data, by sending a certified e-mail to the address protocollo@pec.gpdp.it or a registered letter addressed to: Piazza Venezia 11, 00187 Roma (Italy), or with the control authority of another EU member country.
